DAVID CROCKETT IS STILL WRONG

Court of Appeals Refuses His Second Application.

HE MUST PAY PENALTY

Counsel For Convicted Man Make Second Attempt to Obtain Writ of Error and Supercedeas.

Messrs. Edmund Burke, Carl Budwesky and C. H. Smith, counsel for David Crockett, convicted in the Corporation Court of Alexandria recently of selling whisky, in violation of the prohibition law, and who was fined $1,000 and sentenced to serve six months in jail, petitioned the Supreme Court of Appeals of the state for a writ of error and supercedeas. This was refused by that tribunal, and later counsel for Crockett submitted an amended appeal.

As the court is to adjourn this week, it was determined to act upon Crockett's case before the close of the session.

A dispatch from Richmond received in this city today stated that the Court of Appeals has refused the second application for a writ of error which means that Crockett must pay the fine assessed and serve six months in jail.

The history of this case has been published several times recently Crockett was indicted for selling whisky and the jury in the Corporation Court judged him guilty of violating the law on two occasions. He was fined $1,000 and sentenced to serve six months in jail. His counsel petitioned the Court of Appeals for a writ of error and supercedeas, and the petition was refused. Hence the amended appeal which has met a similar fate.

Since the above was written, it is learned that counsel for Crockett contemplate petitioning the State Court of Appeals for a writ of habeas corpus. Should this prove a miscarriage, the case may be taken to the Supreme Court of the United States, it is said.

50,000 MAY HAVE TO LOAF

Chicago Packing Employes to be Thrown Out if Strike Holds

Chicago, March 30.—Nearly 50,000 employes of packing companies here will be thrown out of work if the workers of the Union Stock Yards and Transit Company, who went on strike Saturday at midnight, remain out, packing company officials said yesterday.

"We have enough live stock on hand for today," said an official of Armour & Co. "After that we must gradually close down if the strike continues and a week will see all departments of the plant closed."

The Chicago Junction Railroad has notified roads here that no live stock for the Chicago market, other than horses, will be accepted. Stock in transit to Chicago will be handled as conditions permit.

Packing company officials say that the number of men on strike is only about 900. This includes the stock handlers, the cleaners and the unloading men.

SOLDIER FOUND SLAIN

Nashville, Tenn., March 30.—The body of Raphael Perlmutter of the Twenty-eighth Infantry band, who disappeared while the band was in Cookeville, Tenn., a week ago, was found yesterday near that city.

His throat had been cut and four bullet wounds were in his body. He had about $2,000 in drafts and money orders on his person when he disappeared.

Perlmutter was last seen when he hired a mule and rode away from Cookeville with the evident purpose of buying some moonshine whisky.

NC-2 WRECKED ON SAND BAR

Commander Read and Party of 3 Uninjured in Smash

Atlantic City, N. J., March 30.—The seaplane NC-2, in charge of Commander A. C. Read, who piloted the NC-4 across the Atlantic, was damaged on a sand bar half a mile from shore yesterday, while attempting a flight in fog from Rockaway, N. Y. to Charleston, S. C. The hull was cracked and part of one wing was torn off.

In response to a wireless call for aid, two seaplanes were sent to the scene from Cape May and they attempted tow the disabled craft to shore. The belief was expressed that, owing to the fog, the crew of the NC-2 mistook the sand bar for water. The four men aboard escaped injury.

TO PROCLAIM REPUBLIC

Progressives in Denmark To Take Step As Reply to King's Dissolution of Cabinet

Copenhagen, March 30.—The Progressive parties of Denmark will reply to the King's dissolution of the Cabinet yesterday by proclaiming a republic, the Koebenhavn says it is rumored.

The Cabinet of C. T. Zahle, Premier and Minister of Justice, resigned yesterday, The Ministry was formed June 21, 1913.

The King demanded the resignation of the Cabinet because of differences which had arisen concerning the plebiscite in the Flenburg region and called the Liberal leader, M. Meergaard to form a Cabinet. It is presumed that M. Meergaard has a Ministry ready to assume office, as M. Zahle has not been asked to continue in the interim.

The Politken describes the event as "a unique coup d'etat in Danish constitutional history."

The unexpectedness of the downfall of the Zahle Ministry is emphasized by the fact that the Rigsdav Sunday began the Easter holiand most of its members already are on the way to their homes.

ALLIED ACTION IN RUHR AREA

Workmen Desire That Troops Be Sent Into District

DEFY EBERT FACTION

French Claim German Regulars Have Entered Territory—No Excuse is Given.

Essen, March 30.—Three workmen's delegates are leaving for Cologne to ask the Allied representatives to intervene in the Ruhr trouble and send troops into the district.

There was some perplexity at a secret meeting of the workmen yesterday over the course to be pursued. After a debate the plan of sending delegates to Munster to negotiate the difficulties was voted down.

A military representative then told the meeting that the Allies had offered to mediate. The leaders of the reactionary movement say the surrender of their arms means their death warrants."

Paris, March 30.—Absolute confirmation of the entrance of regular German army troops into the Ruhr district, on the edge of the Allied zone of occupation, without any permission from the Allies, has been received by the French Foreign office.

The subject, it was stated, will probably come up before the Supreme Council in London. The French say they can find no excuse whatever for the sending of troops into this section.

Hugh C. Wallace, the American Ambassador to France, at yesterday's session of the conference of Ambassadors confirmed the statement made in Washington that President Wilson was not opposed to the entry of more troops of the German regular army into the Ruhr valley, if the German Government desired to send them there.

Berlin, March 30.—The news from the Ruhr industrial district, the Rhineland in general and from Westphalia permits the conclusion that order will be gradually restored in those regions, where rebellious forces of workingmen have been operating.

CONVOY $9,000,000 IN GOLD

New York, March 30.—An armed caravan moved through New York's financial district yesterday with a treasure of ten tons of gold metal in rough metal bound boxes, loaded on five two-horse trucks. The gold valued at about $9,000,000, arrived from England on the steamship Lapland yesterday and was taken to the sub-Treasury in Wall street.

Moving along the caravan's route were 200 armed men in plain clothes and other armed men rode on trucks Few pedestrians knew what the vans contained.

An elaborate checking system accounted for each box in the shipment and two boxes containing chemicals it was said, with which the gold would be tested. H. E. Belyea, the expert truckman selected to transfer the consignment to Wall Street, has hauled more than twenty-five tons of gold consigned to South American countries, through New York's crowded streets since February 1.

The award provided for a wage increase of 27 per cent.

The motion to accept the commission's award was made by representatives of the mine workers and was adopted by a unanimous vote.

PLANS MAY DAY REVOLT

Paris, March 30.—The congress of the General Federation of Labor opened its sessions here this morning. A discussion of the measures to be taken in connection with the May Day celebration was the first business. In this connection M. Bidegaray, general secretary of the Federation of Railwaymen, declared:

"You must execute the orders of the Federation of Labor and collaborate, should it take place in a general revolution; which must be realized for the benefit of the proletariat, and not result in favor of the bourgeoisie as previous revolutions have done."

EYE SHOT OUT BY BOY

Pursuer of Youthful Gamblers Severely Wounded

New York, March 30.—David Hess, whose home is on the top floor of 225 East 110th Street, was disturbed at supper last night by boys who were shooting craps on the roof. He went up and chased them, trying to drive them through the scuttle to the street.

One of the boys drew a revolver and sent a bullet through Hess's right eye. Not a boy was in sight on the block when a patrolman had Hess taken to the Harlem Hospital. He probably will be blind in one eye. None of the boys was more than fifteen years old, he said.

REDS MENACE FRANCE

Railway Workers Urge Insurrection and General Walkout

Paris, March 30.—The congress of railway workers must prepare on May 1 not only to strike, but to collaborate in a general revolution which must be realized for the benefit of the proletariat, the secretary of the federation of railway workers declared in a statement to the congress yesterday.

Bolsheviki in France have openly advocated overthrow of the government by insurrection, Senator Cheron declared in a senate speech today.

Cheron said the radicals planned to "take over the government." He interpolated Premier Millerand as to what measures the cabinet was taking to fight Bolshevik propaganda.

STREET GIVES WAY

Body of Army Officer Which Was Buried Under Pile of Debris So Far Uncovered

Plattsburg, N. Y., March 30.—First Lieutenant Thomas Gallaghan of the New York State Guard, and Thomas G. Long were instantly killed, and George Wade and Robert Millette were seriously injured late Friday when they dropped out of sight as a section of one of the main business streets collapsed, dropping them into a flume with furnishes water for the pulp mill of the Lake Champlain Pulp and Paper Company. Paving brick and other debris fell on top of Gallaghan and Long, and it was only after several hours' digging that Long's body was recovered. Gallaghan's body is still in the wrecked flume, covered with water and debris from the collapsed street.

3,500 CITIZENS PAY INCOME TAXES

Individuals Pay Approximately $65,000 to Uncle Sam

DELINQUENTS SOUGHT

Efforts Being Made to Trace All Who Have Failed to Make Returns—They Will be Prosecuted.

Approximately 3,500 residents of Alexandria paid their income taxes through the local office. This, however, does not include corporations. A majority of the corporations sent their returns direct from Richmond.

Approximately $65,000 was collected through the local office and sent to Collector Moncure in Richmond.

This is the largest number of persons who paid since income taxes were established and the local officials in charge of the collecting fee highly gratified with the result. It is stated, however, that many others who should have paid have not made any returns.

Work of hunting up these persons is now in progress and data is being obtained by a corps of trained experts and such persons will be brought into court for their failure to make returns in compliance with the law, it is announced.

NAVY RECRUITERS IN TOWN

Saturday afternoon and evening King Street was invaded by a squad of recruiters from the Washington Recruiting Station, rounding up prospective Man-O-War's men, and talking to ex-service men. The Chief Petty Officer in charge of the party said it was being considered by the Washington Station to make week end trips to Alexandria, and possibly open up a Sub-Station in the near future.

The results of Saturday's work were very gratifying in the way the youn lads responded, and no doubt, the coming week will show some enlistments. One youngster talked to at the carnival insisted that the matter be taken up with his father who happened to be close by. Taken by surprise, some tall talked had to be done and the recruiter wound up his talk with a sea yarn that tickled the father so he came back with a yarn himself about a Man-O'-War's man that he knew. Here's how the yarn runs:

"Fred Williams down our way was sweet on Mary Jenkins when the were in school. Mary liked Fred, but they couldn't seem to get down to marrying on account of the high cost of living and all. So Fred went into the Navy about a year before the war to learn a trade. Last month Fred came back and started a little machine shop and garage. He'd saved five hundred dollars and it looks as though he's going to make a lot more. Fred and Mary were married day before yesterday." Well I must be going good bye, I'll send Lloyd in Tuesday for examination.

WANT TREATY REVIVED

Cardinal Gibbons' Name Heads Petition Urging Wilson To Resubmit Pact

Washington, March 30.—With James Cardinal Gibbons as one of its principal sponsors, a wide spread and determined campaign to have the peace treaty resubmitted to the Senate by President Wilson was launched by a delegation at the White House yesterday.

Although Cardinal Gibbons was unable to be present in person, his name stood at the head of a list of signers of a memorial, presented to the President through Secretary Tumulty, not only urging him to send the treaty back to the upper house of Congress, but asking him, in the interest of its speedy ratification, to accept the Lodge reservations, including the one on Article 10.

The condition is added in the plan proposed, however, that in ratifying the treaty and entering the League of Nations the United State would be free to modify these reservations, the voters in the next election approving.

While only the names of the actual signers of the memorial were made public, it is understood that the movement will have the active sympathy of other persons prominent in political and professional walks. Among those who were members of the delegation, was Rev. Dr. Randolph H. McKim.

DRAFT DODGERS SENTENCED

Delinquent Must Pay About $1000 as Cost of Trial

Philadelphia, March 30.—Found guilty last week of having draft-dodged by making false statements in his questionnaire, Max Joseph Schwartz, of Spruce street, near Third, was sentenced to 60 days in the Mercer County Jail, by Federal Judge Thompson yesterday.

Schwartz has had two trials, the first resulting in a disagreement by the jury and the costs of the Government to convict him, will amount to nearly $1000, according to T. Henry Walnut, Assistant Federal Attorney who conducted the prosecution. Payment of these costs were made part of the sentence.

Judge Thompson rejected a plea that the jail sentence be dropped, declaring that draft evaders convicted in his court had been sent to jail, and he would not favor Schwartz by making flesh of one and fish of another.

Orange, N. J., March 30.—Rebuked by her father, a wealthy New York coal dealer, for not being punctual at her music practice, Miss Norma Atkinson, age 20 yesterday threw herself in front of an express train here and was killed.

She left this note pinned to her coat, which she had removed:

"Dear Mother—Please forgive me for that which I am doing. I don't know whether I am in the wrong or my father, so it is up to one of us to remove ourselves, and I am doing it. Forgive me. I know you will understand. You have been the best mother and every bit that the word mother signifies.

Paris, Ky., March 30.—Grant Smith, negro, charged with criminal assault, was removed from the county jail here early last night by a mob of fifty men, who placed him in an automobile and rushed him out of town. Members of the mob, as they left the city, announced their intention of hanging the negro from a bridge at Millersburg, nine miles away.

Smith was brought to the Bourbon county jail from Flemingsburg yesterday morning for safekeeping. He was arrested in Michigan last week charged with assaulting Ruby Anderson, daughter of a Fleming county farmer.

FLOOD WILL LEAD FIGHT

Republicans Suggests President be Asked to Proclaim War's End

President Wilson has sent word to the House Democrats to kill the resolution declaring peace between the United States and Germany, which Republican House leaders hope to force through the lower branch of Congress this week.

The view of the President was obtained by the Democratic members of the House foreign affairs committee. These members are understood to have asked the State Department for an opinion on the effectiveness of a resolution such as is being planned by the Republican leaders.

The reply was that the resolution would not be acceptable to the President and that he desired the members of his party in Congress to use every effort to defeat it. The result may be that the passage of the peace resolution will be delayed, but its passage is certain.

Representative Henry D. Flood (Va), ranking Democrat on the House foreign affairs committee, yesterday informed Republican Leader Mondell of the informal message that the Democrats had received from the President and declared that he believed a majority of the Democrats would vote against the resolution which makes it doubtful if the measure could be passed over a Presidential veto.

HOLY WEEK

The week through which the Christian world is now passing is regarded as most solemn. Conscientious persons rise early and perform theirreligious duties. Millions, however, pay no attention to the spiritual life.

But, after all, what influence is being exerted on the world by our multitudinous creeds. This mundane sphere is more storm-tossed today than at any time since man was placed upon the earth. There is a general mix-up everywhere. The picture of men throwing down their tools is being flashed everywhere, while murder and the overturning of constituted authority is the of the pastimes of the age. While such acts are in evidence but little is being produced, and myriads of persons are suffering and pining away from malnutrition.

A traveling minister occupied one of the pulpits in Alexandria a few Sundays ago. He, like the great majority of clericals, believes the world will eventually be prevailed upon by preaching to adopt Christianity and live according to its teachings. Among other things he referred to the gigantic missionary movements which are launched ever and anon, and told his hearers that some time ago the Japanese determined to send a delegation to the United States to make a study of Christianity which America desired to transplant to the Orient. After visiting the principal cities of this country the delegation returned to their island kingdom and reported that Christianity is a beautiful theory, but it has but little influence upon the great mass of people in the United States.

Confucius, the Chinese philosopher, on one occasion was asked to give in an epigrammatic sentence the whole duty of man. He replied: "Do not do to others what you would not desire them to do to you." Confucius flourished about five centuries before the present era.

Let us hope the present Holy Week will leave a more indellible impression than those of by-gone years. The Japs may revise their opinion of us.

TORNADOES AND CYCLONES

It is small comfort to read after every destructive tornado or cyclone a learned explanation by scientific men who have no possible means of foretelling such an event. We are informed and believe that owing to various cyclonic and anti-cyclonic disturbances, certain peculiar correlations of high pressures and low pressures of the barometer, certain vacuums caused by conditions in the Gulf of Mexico resulting in corresponding features in Montana or else where, a bunch of air suddenly gets consolidated into a generally wedge-shaped affair and goes hurtling through the country at terrific speed.

We are also told that owing to the vacuum, compression of air and other circumstances most delightfully concealed in scientific terminology, the result is destruction of all that interferes with the progress of the stranger.

Furthermore, we are not in the least prepared for the future, since science gives us no data on which to expect recurrences of such phenomena.

The curious thing is that these monstrous invaders spread over wide territory and skip various places in almost demoniac variety of damage. In the great Minnesota cyclone of almost forty years ago devastation was at times over miles of area and in others less than a foot. This demon of the air hops up and down, goes full abreast or on tip-toe and sometimes jumps for miles. No wonder that our distant ancestors believed that demons controlled the air and tried to placate them by sacrifices.

It was the antics of a cyclone in the West Indies which led the youthful Alexander Hamilton to write such a spirited description for the newspapers of his day that he was sent to this country to be educated and here made his fame. One hates to think what would have been the present condition of the United States without the constructive power of Hamilton, whose influence all of us feel benefically to this day.—Philadelphia Inquirer.

CHAOS GRIPS BERLIN

Conditions in Berlin are described as "incredible" and as steadily growing worse in a cablegram which reached Philadelphia yesterday from J. Howell Cummings, president of the John B. Stetson Company.

According to Mr. Cummings' communication, German demoralization resulting from the Communist revolt and the Kapp attempted coup is complete, and veritable chaos reigns throughout the country.

The cablegram, which was sent from Vienna, reads:

"Was obliged to resort to the use of aeroplane in traveling from Berlin to Dresden. Then took the train to Vienna. In Berlin conditions are incredible and growing worse. There is continuous rioting and I saw many killed and wounded. All labor is on strike. All transportation has been suspended. The city is in darkness and there is no food. The Communists apparently organized. We were the last persons leaving Berlin. The Communists at the last moment prohibited our flight, but finally granted permission. Conditions are improving outside Berlin."

SIX NEGROES TO DIE

Little Rock, March 30.—Electrocution of six negroes charged with the murder of Clinton Lee, in the race riots at Blaine, Ark., last October, was ordered yesterday by the State Supreme Court, which upheld the conviction in the lower courts.

Six men stationed to die are Frank Hicks, Frank Moore, Ed Hicks, J. E. Knox, Ed Coleman and Bull Hall.

Cases of six others were reversed and new trials ordered.

The Cow That Starved In Clover

A certain cow, though pastured in bountiful meadows, was attracted by the more tempting appearance of distant fields. Shunning the abundance at hand, she wandered afar, always finding the new spots less appetizing and less plentiful, and always leaving them untasted for the new fields inviting her on.

Growing hunger only spurred her on until finally, exhausted by it, she fell to the sands of the desert whence she never again arose.

People who shun the stores at home because of the allurements of those in larger towns often find themselves getting less than they expected. Get in the habit of seeing your local dealer first. If he hasn't what you want, he will gladly get it. You'll be helping him to serve you better by helping him to make it pay.

Everyone

I am the Nation's cause of being, its foundation, its life.
I am its mightiest power, its greatest asset, its humblest servitor.
I am its treasure house, its chief financier, its paymaster.
I am its homes, its garden plots, its children's playgrounds.
I am its factories, its workshops, its skyscrapers.
I am its mines, its oil fields, its forest.
I am its granary, its green farms, its lush meadows.
I am its teacher of good government, of staunch citizenship, of true patriotism.
I am its bulwark against anarchy, against bolshevism, against radicalism.
I am insurance for its widows, its orphans, its aged.
I point its way to thrift, to right thinking, to sane living.
I give its sons borrowing power, credit, material worth.
I confer on them prestige, independence, prosperity.
I represent to them opportunity, self-respect, contentment.
I am the goal of its thinkers, its workers, its savers.
I war on high rents, high living costs, profiteering.
I increase fast in value, steadily in income.
I am tangible, imperishable, immutable.
I am the basis of all wealth.
I AM REAL ESTATE.

THE SAFEST AND BEST INVESTMENT IN THE WORLD.

EXAMINE OUR GRADES WHEN CONSIDERING PRICES:

With prices on Lumber and other Building Materials at their present levels, there are many items in the lower grades which can often be substituted satisfactorily and at a considerable saving.

We have become so much impressed with the possibilities of doing this to advantage that we are exercising the greatest care in buying only from those mills who pay the closest attention to the manufacture and grading of their lower priced stocks.

We ask our customers to examine these grades when buying as we believe they will find some excellent values, and a knowledge of what a carefully selected lower grade really is will often prevent the buying of a so-called higher grade at a little under the market price for the high grade, when it is actually a lower grade and can be bought as such.
